## PROFILE

Hello, there! My name is Manav Adwani, and I am currently pursuing my iMSC-IT degree at GLS University in Ahmedabad. CODEFEST V1.0 awarded me the 2nd Prize for Website Development. I am also a freelance website developer. Reading fiction and non-fiction is one of my favorite things to do. With HTML, CSS, Tailwind CSS, and Javascript, I know some programming languages such as C++ & PHP. I am currently working on my Final Year Project for my GLS UNIVERSITY.

----------------------------------------------

## WORK EXPERIENCE

### National Park Website

At CODEFEST V1.0                                    2022-22

- -Developed and maintained code for in-house and client websites utilizing HTML5, CSS3, and Javascript.
- -This was the Website I created at CodeFest Finals and maybe because of this, I got 2nd.
- -Tested front-end code in multiple browsers to ensure cross-browser compatibility.
- -Tested the Website on Various Devices to make it as responsive as possible.

### Video Streaming Platform

2022

- A video streaming platform will allow users to watch movies and all that stuff.
- This isn't just a regular Streaming Platform since I'm using Tailwind CSS and HTML, JS with some PHP & SQL on the backend.
- The front-end code will be tested in multiple browsers to ensure cross-browser compatibility.
- A variety of devices will be used to test the website's responsiveness.
- I will develop this website using HTML, Tailwind CSS, and Javascript for the front-end and for backend PHP & SQL.
